BISTRITA MOUNTAIN RESORT, ROMANIA

Location and year: Romania, Bistrita-Nasaud County, 2013

Client name: Municipality

Program: "All season" mountain resort

Status: Architectural concept

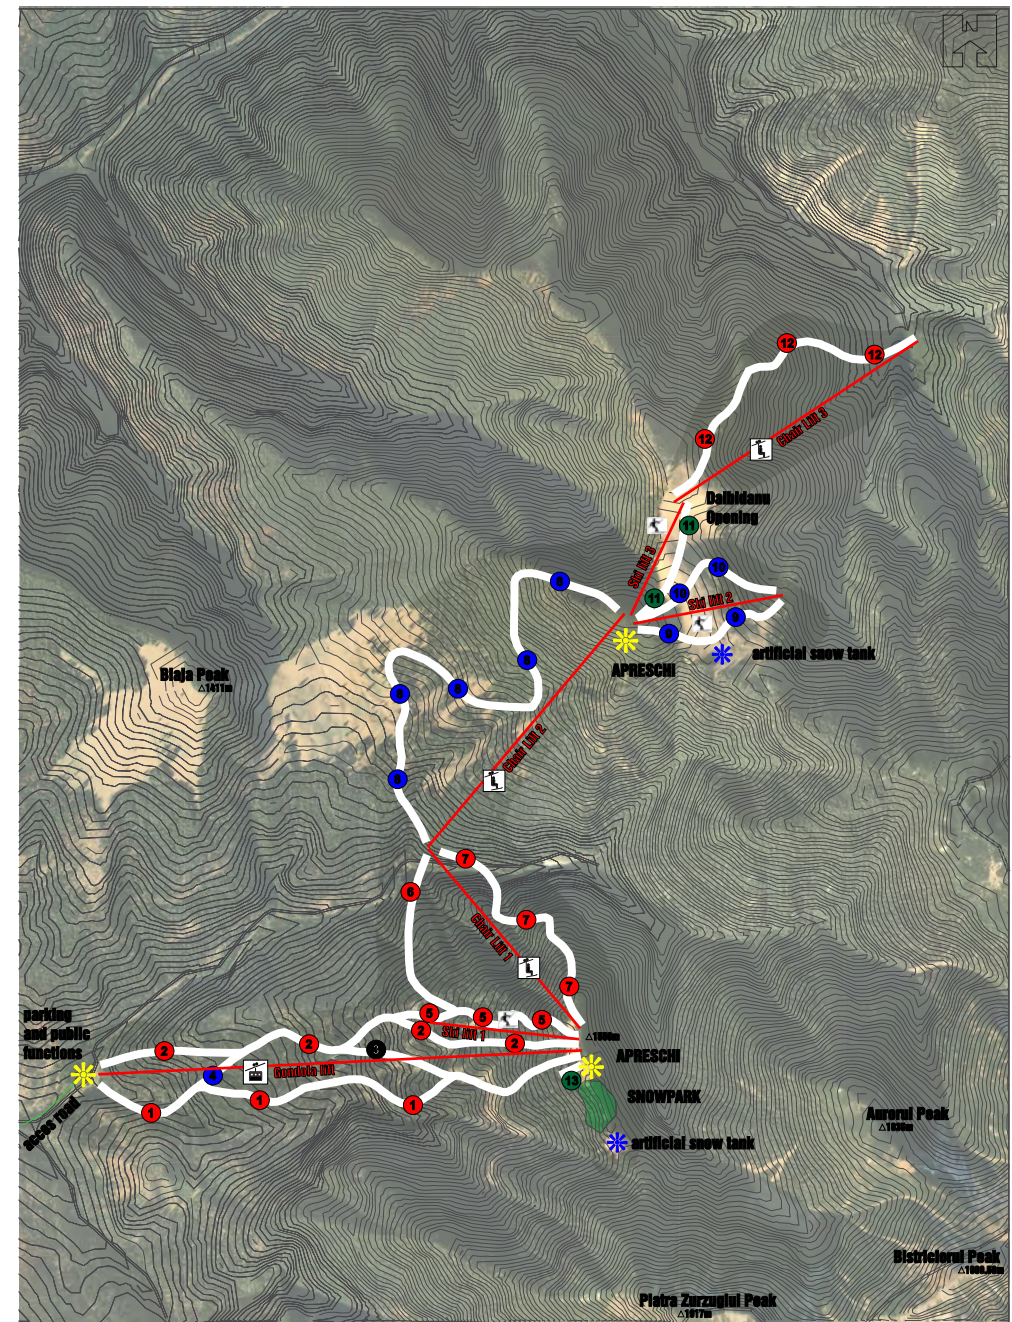

Romanian people enjoy quality vacations and most of them choose high standard places where they can have good accommodation as well as various outdoor activities.

This area is an exceptional location for developing a modern, long lasting mountain resort that can be enjoyed by anyone on any kind of weather.

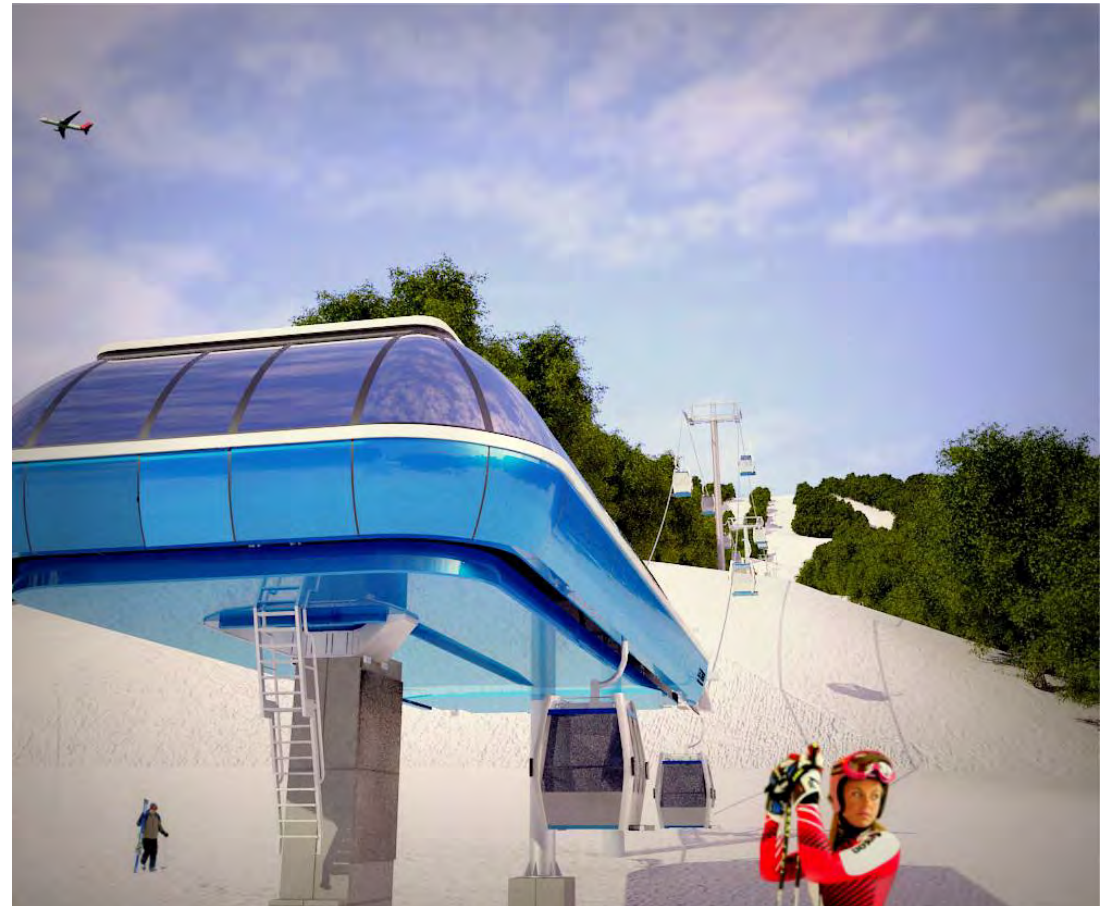

The purpose of this project is to create an "all seasons" mountain resort by creating the main investments in the tourism infrastructure.

The proposed investment objects are: Ski Area, Adventure Park "Dracula"; Recreational Sailing Center; Water sports Center; Water Park; Horseback riding Center; Hiking and biking trails; Sight-seeing Spot and Paraglide; Rental Shop for Sports Equipment; Camping Village; Ecological Sheepfold; Production, Collection and Exhibition Center for Traditional Products; Tourist Information Point.

These investment objects will not only propel this area on the Romanian and East European tourist map but will also attract other investors.
